Subject: Thursday's RA Call

RAs. With several of our RAs focused on the Animas River matter, it was recommended that we cancel our Thursday bi-weekly, and I believe we should do that. We'll get Karl quickly rescheduled -- and if there will be many of you on vacation for our next scheduled call (Aug. 27), we can stand up a special-purpose call with Karl next week.

Note that we do have a RA call (with ADDs) scheduled with Janet and Joe tomorrow at 1pm(EDT), the purpose of which is to answer any questions you all have one-week out from the release of the CPP and share whatever we are all hearing from states/others on the CPP.

Mark
